Many of our Smart Pain Management Doctors serve proudly on the Maryland board and committees of the ASIPP.

---

**Featured Procedure:**

Platelet-Rich Protein Therapy (PRP) is an injection treatment, created from a patient’s own blood, which stimulates healing. PRP prompts the body into repairing incompletely healed musculoskeletal injuries resulting in reduced pain and increased function. PRP therapy relieves pain without the risks associated with surgery, general anesthesia or hospital stays and without a prolonged recovery.

---

**We are specialists in treating chronic pain**

- **minimally invasive procedures**
- **rational medication management**
- **holistic treatment modalities**

---

**SMART Pain Management has 6 convenient locations.**

We’re able to offer pain relief to thousands of patients throughout Maryland with offices in Westminster, White Marsh, Owings Mills, Catonsville, Germantown and Dundalk. All locations are open Monday through Friday with some offices having Saturday hours to accommodate our patients’ busy schedules. Our pain management offices are managed by Board Certified physicians, experienced in treating a broad range of pain conditions. Improving a patient’s pain levels and function is the primary focus of our practice.

---

**We are now accepting new patients in all of our offices.**

Our rapid response Call Center makes it possible for us to typically see new patients within 48-72 hours from their first call. And we accept almost every insurance plan, including Medicaid. Let us help your patients live more comfortably and pain free: **443-693-PAIN (7246)**.

---

**Meet our newest Doctor**

Dr. Finkelstein is Board Certified in physical medicine and rehabilitation and fellowship trained in interventional pain management. He earned both a Bachelor of Science in Biochemistry and his Medical Degree from the State University of New York, Buffalo. He completed his Physical Medicine and Rehabilitation residency at Temple University Hospital. Dr. Finkelstein refined his pain management skill set through an Interventional Pain Fellowship at Integrated Pain Management in Concord, CA. Dr. Finkelstein has extensive experience treating spine and other musculoskeletal pain conditions and uses a comprehensive approach to provide the best individualized care for each patient.
